

VCNZ update – 18 November 2016

This week has been stressful for many people around the country and we hope you're all feeling ok. If you're not, please remember that support is available.

Vitae Counselling provides confidential counselling and a 24/7 phone service for all vets. This service is provided by VCNZ and NZVA to help all vets manage stress and improve wellness.

You can contact Vitae on 0508 664 981 or <http://www.vitae.co.nz/>

Office temporarily closed

We'll be working remotely until our building is cleared by engineers. You can still contact us on 04 473 9600 or our usual email addresses. Please bear with us as there will be some disruption.

Take care and stay safe.
